## NATURAL STONE AND TILE & GROUT CLEANING AND RESTORATION

Excel Stone and Tile Care is a trusted, long-established company serving the San Diego area. Highly reviewed for expert restoration of natural stone, tile, grout, and terrazzo, and delivering exceptional results with expert care, precision, and top-tier customer service.

### Natural Stone Restoration And Protection

Let us restore your marble, granite, travertine & more to like-new condition. Dust-free cleaning, honing, polishing, sealing, lippage removal & repairs by skilled techs. Residential & commercial service. Protect your investment!

### Tile And Grout Cleaning And Sealing

Tile and grout are deep cleaned to eliminate embedded dirt and grime, then sealed to protect against stains. Grout color sealing revives and evens out grout lines, giving surfaces a like-new look that's easy to maintain and long-lasting.

### Terrazzo Cleaning And Polishing

Terrazzo is stripped of old coatings, then polished to a natural, high-gloss finish—eliminating the need for continual strip and wax cycles. The result is a more beautiful, durable surface that shines longer and requires less maintenance.

### Commercial Maintenance

Our customized commercial maintenance plans keep your stone, tile, and terrazzo surfaces looking their best year-round. Regular cleaning and polishing preserve appearance, extend surface life, and reduce long-term costs—ideal for high-traffic business environments.
